🎓 Education

General Certified in Education (Advanced Level)
Subject Stream : Commerce   2020 - 2022

Completed A-Levels in the Commerce stream, with a solid foundation in business, economics, and accounting.

Diploma in Software Development
Unicom TIC -Jaffna   2024 April - 2025 Dec

Contributed to Unicom TIC, a UK-funded Training and Innovation Center dedicated to providing accessible, top-tier tech education. Supported initiatives that empower individuals through fully funded programs and hands-on innovation opportunities.

Bachelor of Information Technology (part-time)
University of Moratuwa-(external)   2025 Aug- Present

Currently pursuing the Bachelor of Information Technology at the University of Moratuwa, with a focus on ICT skills.

💼 Experience

Trainee Full-Stack Developer
Unicom Tic   2024 April - 2024 Dec

Developed responsive web applications using Angular (frontend) and .NET Core (C#) (backend). Designed and implemented RESTful APIs for seamless client- server communication. Managed database operations and optimization using Microsoft SQL Server. Focused on implementing scalable, secure, and efficient solutions aligned with project requirements.

Full-stack developer(Remote)
Thriio   2025 jan - Present

Working remotely on a project using Next.js with TypeScript for full-stack development. Backend handled via serverless functions and server actions. Using PostgreSQL with Prisma ORM for type-safe DB operations. Project-based role as part of a remote dev team.

🔑 Core competencies

Proficient in full-stack development using Angular, Next.js, and .NET Core. Skilled in designing RESTful APIs, building responsive and user-friendly interfaces, and managing databases with PostgreSQL and SQL Server. Strong command of TypeScript, JavaScript, HTML, CSS, and ORM tools like Prisma and Entity Framework. Focused on writing clean, scalable, and maintainable code in collaborative environments.
